Objective

First-year Mechanical and Automation Engineering student at IGDTUW with interests in robotics, automation, and engineering design. Enthusiastic about hands-on learning, technical problem-solving, and collaborative engineering projects.

Education

Indira Gandhi Delhi Technical University for Women (IGDTUW)
B.Tech Mechanical and Automation Engineering (2025–Present)

Delhi Public School, Vasant Kunj

Class XII – 87%

Class X – 92.8%

Technical Skills

- Python
- CAD modelling (PTC creo)
- Engineering Graphics
- R Programming

Relevant Coursework

- Engineering Graphics & CAD Modelling
- Python Programming
- Engineering Mechanics
- Engineering Mathematics
- Probability & Statistics
- Engineering Physics

Projects and Research

Cybersecurity in Robotic Arm Control Systems (Ongoing): Working on analyzing cyber-attacks on robotic controllers and improving system security using IoT and automation concepts.

Smart Motion Sensor System for Vehicle Safety (Ongoing): Developing a system to monitor driver condition and control vehicle behavior to enhance road safety.

Cybersecurity in V2V Communication Systems (Exploratory Research): Studying cybersecurity vulnerabilities and secure communication methods in Vehicle-to-Vehicle (V2V) systems for intelligent transportation applications.

Intelligent Metro Safety & Automation Systems (Exploratory Research): Exploring automation, monitoring, and cybersecurity concepts in intelligent metro transportation systems.

Industrial Exposure

Maruti Suzuki Plant, Gurgaon: Studied automobile manufacturing, assembly lines, robotics integration, and quality control.

Shourya Robotics, Faridabad: Learned about 3D printing, robotics, and drone technologies.

Baglihar Hydroelectric Project (Chenab River): Studied dam structure, turbines, and power generation systems.

Participation

InnoVertex 3.0 Ideathon, IGDTUW

Participated in technical events and innovation competitions at IGDTUW and IIT Delhi.

Participated in hackathons including ProTech: Hack2Win, HackArena 2.0, CaseQuesta, and Devcation: Hack & Solve

Certifications & Recognition

Certificate of Appreciation – ATAL FDP in Robotics Technology & Innovations
AICTE Training and Learning (ATAL) Academy | 2025

Awarded for active participation and contribution during the ATAL FDP programme focused on robotics and innovation.

Positions of Responsibility

- Outreach Member, Green Sphere Society
- HR Member, Synergy Society

Extracurricular Activities

- Member of the university basketball team
- Member of the university chess team

Soft Skills

- Leadership
- Teamwork
- Problem Solving
- Communication
- Adaptability
